

Pilates business for sale

After five years of growth and expansion the owner is having her second child and wishes to sell to allow her more time with her family. This is a fantastic opportunity for a trained Pilates instructor to acquire a proven and established business with lots of room to grow.

This open plan, fully equipped studio in Sydney's Inner West, is situated in a prominent location opposite Redfern Technology Park. The studio services Alexandria, Erskineville and Newtown with no direct competition.

The owner wished to sell the business so that MG Pilates can continue to provide a high level of care to existing and new clients in the area. As the new owner you would own a business that is on the cusp of its next stage of growth. This is an exciting opportunity to take over a well-established beautiful Pilates studio with all the fittings, a lovely client base and experienced staff.

- Fully Equipped, established Pilates Studio in operation for over 5 years
- Located conveniently near Sydney CBD in the Inner West, easily accessible from Alexandria and Newtown.
